We refer to our company throughout this document as “we,” “us,” the “Company” or “MediciNova.”

**Why I am receiving this document?**

You are receiving this document because you were one of our stockholders of record as of the close of business on April 17, 2014, the record date for our Annual Meeting, or the Record Date. We are sending this document and the form of proxy card to solicit your proxy to vote upon certain matters at the Annual Meeting.

**When and where is the Annual Meeting being held, and who may attend?**

The Annual Meeting is scheduled to be held on Friday, June 13, 2014, at 3:30 p.m. Pacific Daylight Time at 4225 Executive Square, Suite 495, La Jolla California 92037, as well as any adjournment or postponement thereof. Only stockholders, their proxy holders and our invited guests may attend the meeting. If a broker, bank or other nominee holds your shares in street name, please bring a copy of the account statement reflecting your ownership as of April 17, 2014 so that we may verify your status as a stockholder and have you check in at the registration desk for the meeting. For security reasons, we also may require photo identification for admission. If you would like directions to the meeting, please send your request to MediciNova, Inc., 4275 Executive Square, Suite 650, La Jolla, California 92037, Attention: Investor Relations.

**What is a proxy, and who is paying the costs to prepare this document and solicit my proxy?**

A proxy is your legal designation of another person to vote your shares of our common stock, par value \$0.001 per share, or the Common Stock. The document that designates someone as your proxy is also called a proxy or a proxy card.

We will pay all expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement and the form of proxy card.

**Who is soliciting my proxy and will anyone be compensated to solicit my proxy?**

Your proxy is being solicited by and on behalf of our Board of Directors, or the Board. In addition to solicitation by use of the mails, proxies may be solicited by our officers, directors and employees and Advantage Proxy in person or by personal interview, telephone, electronic mail, facsimile transmission or other means of communication. Our officers, directors and employees will not be additionally compensated, but they may be reimbursed for out-of-pocket expenses in connection with any solicitation. Advantage Proxy will be paid its customary fee of \$3,300 plus reimbursement of up to \$750 in out-of-pocket expenses to solicit proxies. We also may reimburse custodians, nominees and fiduciaries for their expenses in sending proxies and proxy material to beneficial owners.

**Who is entitled to vote at the Annual Meeting?**

Only holders of shares of our Common Stock as of the Record Date are entitled to vote at the Annual Meeting. As of the close of business on the Record Date, we had 24,146,419 shares of our Common Stock outstanding.

**How many votes do I have, and can I cumulate my vote?**

You have one vote for each share of our Common Stock that you held as of the Record Date. Cumulative voting is not allowed.

**What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum must be present at the Annual Meeting for any business to be conducted. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the Record Date, there were 24,146,419 shares of our Common Stock outstanding and entitled to vote. Thus, the holders of 12,073,210 shares of voting stock must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares of voting stock present at the meeting in person or represented by proxy may adjourn the meeting to another date.

**How may I vote my shares?**

You may vote your shares of our Common Stock at the Annual Meeting either in person or by proxy. To vote by proxy, you must mark, date, sign and mail the enclosed proxy. Submitting a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person. The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein.

**What am I voting on?**

You will be asked to be to vote on the following:

- the election of two Class I directors of, as recommended for nomination by the Nominating and Corporate Governance Committee and approved by the Board;
- the ratification of the Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014; and
- such other business that may be properly brought before the Annual Meeting.

**May other matters be raised at the Annual Meeting; how will the meeting be conducted?**

We currently are not aware of any business to be acted upon at the Annual Meeting other than the matters described above. Under Delaware law and our governing documents, no other business aside from procedural matters may be raised at the Annual Meeting unless proper notice has been given to us by the stockholders. If other business is properly raised, your proxies have authority to vote as they think best, including to adjourn the meeting.

We have broad authority to conduct the Annual Meeting so that the business of the meeting is carried out in an orderly and timely manner. In doing so, we have broad discretion to establish reasonable rules for discussion,

comments and questions during the meeting. We are also entitled to rely upon applicable laws regarding disruptions or disorderly conduct to ensure that the Annual Meeting proceeds in a manner that is fair to all participants.

#### **If my shares are held by my broker in street name, will my broker vote my shares for me?**

If you are the beneficial owner of shares held in “street name” by a broker, your broker is the record holder of the shares. The broker, however, is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker may exercise discretionary voting power to vote your shares with respect to routine matters, but the broker may not exercise discretionary voting power to vote your shares with respect to “non-routine” items. In the case of non-routine items, the shares that cannot be voted by your broker would be treated as “broker non-votes.” At the Annual Meeting, only the ratification of the appointment of Ernst & Young LLP is a routine item for which your broker may exercise discretionary voting power.

#### **How will my proxy be voted?**

The individuals named on the proxy card will vote your proxy in the manner you indicate on the proxy card. If your shares are not held in street name and you return your proxy but do not mark your voting preference, the individuals named as proxies will vote your shares: (i) **FOR** the election of the two nominees for Class I directors, as recommended for nomination by the Nominating and Corporate Governance Committee and approved by the Board, to hold office until the 2017 Annual Meeting of Stockholders and until their successors have been duly elected and qualified, or, if sooner, until their earlier death, resignation or removal; (ii) **FOR** the ratification of the Audit Committee’s selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

If your shares are held in street name and you return your proxy but do not mark your voting preference on “Proposal One: Election of Class I Directors,” your shares will not be voted and the shares become broker non-votes as to the particular proposal.

If your shares are held in street name and you return your proxy but do not mark your voting preference on “Proposal Two: Ratification of Appointment of Independent Registered Public Accounting Firm,” the bank, broker or other nominee has the authority to vote your unvoted shares. If the bank, broker or other nominee does not vote your unvoted shares on Proposal Two, the shares become “broker non-votes” as to such proposal.

We encourage you to provide voting instructions. This will ensure your shares of Common Stock will be voted at the Annual Meeting in the manner you desire.

#### **How many votes are needed to approve each proposal?**

Directors are elected by a plurality vote of the votes cast by the holders of shares of our Common Stock entitled to vote at the Annual Meeting. A plurality vote means that the directors who receive the most votes in an election, though not necessarily a majority, will be elected. Only votes **FOR** or **WITHHOLD** will affect the outcome.

To be approved, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm must receive **FOR** votes from the holders of a majority of the shares either present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. If you **ABSTAIN** from voting, it will have the same effect as an **AGAINST** vote. Broker non-votes will have no effect.

#### **Can I change my mind and revoke my proxy?**

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- attend the Annual Meeting and vote in person;

- submit a written notice of revocation to us prior to or at the Annual Meeting; or
- submit another proxy of a later date that is properly executed prior to or at the Annual Meeting.

Your most current proxy card is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

**Will my vote be confidential?**

Yes. We will continue our practice of keeping the votes of all stockholders confidential. Stockholder votes will not be disclosed to our directors, officers, employees or agents, except:

- as necessary to meet applicable legal requirements;
- in a dispute regarding authenticity of proxies and ballots;
- in the case of a contested proxy solicitation, if the other party soliciting proxies does not agree to comply with the confidential voting policy; or
- when a stockholder makes a written comment on the proxy card or otherwise communicates the vote to management.

**How can I find out the results of the voting at the annual meeting?**

Preliminary voting results will be announced at the meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

**What proxy materials are available on the internet?**

The Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/58468P>.

**Where is our Common Stock traded?**

Our Common Stock is traded and quoted on The NASDAQ Global Market, or NASDAQ, under the symbol "MNOV" and on the Jasdaq Market of the Tokyo Stock Exchange under the code "4875."

**IMPORTANT**

**Please mark, sign and date the enclosed proxy and return it promptly so that it is received by June 12, 2014 to ensure that your shares can be voted, whether or not you intend to be present at the Annual Meeting. This will not limit your rights to attend or vote in person at the Annual Meeting.**

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE:

ELECTION OF CLASS I DIRECTORS

General

The Board currently consists of seven members divided into three classes, each serving staggered three-year terms as follows:

- Class I, whose term will expire at the Annual Meeting;
- Class II, whose term will expire at the Annual Meeting of Stockholders to be held in 2015; and
- Class III, whose term will expire at the Annual Meeting of Stockholders to be held in 2016.

The Class I members of the Board are scheduled for election at the Annual Meeting. The Nominating and Corporate Governance Committee of the Board has recommended, and the Board has designated, Jeff Himawan, Ph.D., and David O’Toole, who are incumbent directors, to be elected as the Class I directors at the Annual Meeting. If elected at the Annual Meeting, the Class I directors will hold office until the Annual Meeting of Stockholders in 2017 and until their successor has been duly elected and qualified unless they resign or are removed. If Dr. Himawan or Mr. O’Toole are unable or decline to serve as a director at the time of the Annual Meeting, proxies will be voted for any nominee designed by the Board, taking into account a recommendation by the Nominating and Corporate Governance Committee, if any, to fill the vacancy.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The two Class I director nominees receiving the highest number of affirmative votes will be elected. Each nominee has agreed to serve if elected. Our management has no reason to believe that the nominees will be unable to serve.

***The Board recommends a vote "FOR" election of Dr. Himawan and Mr. O'Toole as a Class I Directors.***

**Director Independence**

As required under NASDAQ listing standards, a majority of the members of a listed company's Board of Directors must qualify as "independent" as affirmatively determined by the Board. The Board of Directors consults with our outside counsel to ensure that the Board of Directors' determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of NASDAQ, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and MediciNova, our senior management and our independent registered public accounting firm, the Board has affirmatively determined that the following five directors are independent directors within the meaning of the applicable NASDAQ listing standards: Dr. Himawan and Messrs. Ishizaka, Kobayashi, O'Toole and Shigeta. In making this determination, the Board found that none of the above directors had a material or other disqualifying relationship with us. Dr. Iwaki, our President and Chief Executive Officer, is not independent under the NASDAQ rules by virtue of his current employment with us. Mr. Nakata is not independent under the NASDAQ rules by virtue of his position as Director, Licensing and Clinical Development, Kissei America, Inc., which is an affiliate of Kissei Pharmaceutical Co., Ltd., a stockholder which beneficially owns 11.4% of our Common Stock, on an as-converted basis, and which is the licensor of our MN-221 compound.

**Nominations for Directors**

The Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of experience, perspectives and skills. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board for nomination or election. The Nominating and Corporate Governance Committee will select candidates for election as director based on their character, judgment, diversity of experience, business acumen and ability to act on behalf of all stockholders. The satisfaction of these criteria is implemented and assessed through ongoing consideration of the directors and nominees by the Nominating and Corporate Governance Committee and the Board. Based on these activities and its review of the current composition of the Board and the director-nominee, the Nominating and Corporate Governance Committee and the Board believe that these criteria have been satisfied.

The Nominating and Corporate Governance Committee believes that nominees for director should have relevant experience, such as experience in management or accounting and finance or industry and technology knowledge that may be useful to us and the Board, high personal and professional ethics and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. Diversity in professional experience, skills and other individual qualities and attributes that contribute to Board heterogeneity are among the factors that the Nominating and Corporate Governance Committee typically takes into account and seeks to foster in identifying nominees so that members of the Board represent different viewpoints and backgrounds. The Nominating and Corporate Governance Committee believes it appropriate for a majority of the members of the Board to meet the definition of "independent director" under the NASDAQ Marketplace Rules. The Nominating and Corporate Governance Committee also believes it is appropriate for our President and Chief Executive Officer to serve as a member of the Board.

Prior to each annual meeting of stockholders, the Nominating and Corporate Governance Committee identifies nominees for director by first evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate

a director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board membership, including those suggested by the Nominating and Corporate Governance Committee members, other Board members, members of management, any executive search firm engaged by the Nominating and Corporate Governance Committee and stockholders. Once a slate of candidates is chosen by the Nominating and Corporate Governance Committee, the Nominating and Corporate Governance Committee recommends the candidates to the entire Board, and the Board then determines whether to designate the slate to be elected at the annual meeting of stockholders.

The Nominating and Corporate Governance Committee evaluates any nominees recommended by stockholders in the same manner that potential nominees suggested by Board members, management or other parties are evaluated. A stockholder who wishes to suggest a prospective nominee for the Board should notify any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stockholder considers appropriate, which should be sent to our corporate headquarters at 4275 Executive Square, Suite 650, La Jolla, California 92037.

### **Board Leadership Structure and Risk Oversight Function of the Board**

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership and that Board leadership structure may vary as circumstances warrant. The leadership structure of our Board currently consists of an independent Chairman of the Board who oversees the Board and works closely with our Chief Executive Officer regarding Board matters. Our Chairman, Dr. Himawan, does not serve as our Chief Executive Officer as we believe this structure enhances the independence of our Board. Each of our Board committees is chaired by a different director who reports to the full Board on the activities and decisions made by the committees. We believe this leadership structure, with separate roles of Chairman and Chief Executive Officer and different directors chairing all of our committees, helps to facilitate efficient decision-making and communication among our directors.

Subject to active oversight by the Board, our management is primarily responsible for managing the risks we face in the ordinary course of operating our business. Our Board receives operations and strategic presentations from management, which presentations include discussions of the principal risks to our business. In addition, the Board has delegated certain risk oversight functions to each of its committees. The Audit Committee assists the Board in risk oversight functions related to specific areas such as treasury management, equity administration and contracts policy. The Audit Committee also reviews and discusses with management our system of disclosure controls and procedures and our internal controls over financial reporting. The Compensation Committee assists the Board in risk oversight functions related to our compensation policies and programs and employee retention issues. The Nominating and Corporate Governance Committee assists the

Board in risk oversight functions related to important compliance matters, including periodic reviews of the Code of Ethics and Code of Business Conduct to ensure compliance with applicable securities laws and regulations and stock market rules. We believe that this leadership structure enhances our efficiency in fulfilling our oversight functions with respect to our business and facilitates division of risk management oversight responsibilities among the full Board, each of its committees and our management team.

### **Communications**

If you wish to communicate with the Board, you may send your communication in writing to: Chairman of the Board of Directors, MediciNova, Inc., 4275 Executive Square, Suite 650, La Jolla, California 92037, who will forward all material communications received to the appropriate director or directors or committee of the Board based on the subject matter. You must include your name and address in the written communication and indicate whether you are a stockholder of us.

### **Code of Ethics and Code of Business Conduct**

We have adopted a Code of Ethics for Senior Officers for the Chief Executive Officer, Chief Financial Officer and key management employees who have been identified by the Board. We also have adopted a Code of Business Conduct that applies to employees, consultants, representatives, officers and directors. Each of the Code of Ethics for Senior Officers and Code of Business Conduct may be found under the Investor Relations-Corporate Governance section of our website at [www.medicinova.com](http://www.medicinova.com). We will post on our website (i) any waiver, if and when granted, to any provision of the Code of Ethics for Senior Officers or Code of Business Conduct (for executive officers or directors) and (ii) any amendment to the Code of Ethics for Senior Officers or Code of Business Conduct.

## MEETINGS AND COMMITTEES OF THE BOARD

### Board Meetings and Committees

The Board held seven meetings during the year ended December 31, 2013. Each Board member attended at least 75% of the aggregate number of meetings of the Board and of the committees on which he served during the portion of the last fiscal year for which he was a director or committee member. We encourage, but do not require, our directors to attend the annual meetings of stockholders. One of our directors attended the 2013 Annual Meeting of Stockholders.

### Independent Directors and Audit Committee

The members of the Audit Committee each meet the independence standards established by the U.S. Securities and Exchange Commission, or the SEC, and NASDAQ for audit committees. Each member of the Audit Committee has been selected by the Board based on its determination that the Audit Committee members are fully qualified to monitor the performance of management, the public disclosures by us of our financial condition and results of operations, our internal control over financial reporting and the performance of our independent registered public accounting firm, as well as to analyze and evaluate our financial statements. The Board believes that Mr. O'Toole, Chairman of the Audit Committee, fulfills the requirements of NASDAQ's Marketplace Rule 5605(c)(2), which requires at least one Audit Committee member have past employment experience in finance or accounting that results in the individual's financial sophistication. The Board of Directors has also determined that Mr. O'Toole qualifies as an "audit committee financial expert," as defined in applicable SEC rules, and also possesses the financial sophistication and requisite experience as required under NASDAQ listing standards, based on his formal education and significant financial and international experience in our industry.

### Board Committees and Charters

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The Nominating Committee determines the composition of these committees. Each member of these committees is an independent director in accordance with the applicable rules and regulations of the SEC and the NASDAQ listing standards. Each committee is governed by a written charter approved by the Board. A copy of each charter can be found under the Investor Relations-Corporate Governance section of our website at [www.medicinova.com](http://www.medicinova.com). The number of members, names of current members, number of meetings held during the last fiscal year and functions of each committee are set forth below:

#### Audit Committee

*Number of Members:*

Three

*Members:*

Mr. O'Toole (Chairman)  
Dr. Himawan  
Mr. Shigeta

*Number of Meetings:*

Six

*Functions:*

The Audit Committee assists the Board in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by our independent registered public accounting firm and reviewing its reports regarding our consolidated financial statements and system of internal accounting control over financial reporting. The Audit Committee is responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm and for ensuring that such firm is independent of management.

## **Compensation Committee**

*Number of Members:*

Two

*Members:*

Dr. Himawan (Chairman)  
Mr. O'Toole

*Number of Meetings:*

Seven

*Functions:*

The Compensation Committee determines our general compensation policies and practices. The Compensation Committee also reviews and approves compensation packages for our officers and, based on such review, recommends overall compensation packages for the officers to the Board. In addition, the Compensation Committee reviews and determines equity-based compensation for our directors, officers, employees and consultants and administers our stock incentive and employee stock purchase plans.

*Compensation Committee Processes and Procedures:*

Typically, the Compensation Committee meets several times a year. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the Chief Executive Officer. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation. The charter of the Compensation Committee grants the Compensation Committee full access to all of our books, records, facilities and personnel, as well as authority to obtain, at our expense, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

During the past fiscal year, the Compensation Committee did not engage any outside consultant as a compensation consultant.

Historically, the Compensation Committee has made most of the significant adjustments to annual compensation, determined bonus and equity awards

and established new performance objectives at one or more meetings held during the year. However, the Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the Compensation Committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Chief Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels, and analysis of executive and director compensation paid at other companies.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Our Audit Committee is charged with the responsibility of reviewing certain issues involving potential conflicts of interest, and reviewing and approving all related party transactions, including those required to be disclosed as a “related party” transaction under applicable federal securities laws. Our Audit Committee has not adopted any specific procedures for conducting such reviews and considers each transaction in light of the specific facts and circumstances presented.

We have entered into indemnification agreements with each of our executive officers and directors. In addition, our executive officers and directors are indemnified under the General Corporation Law of the State of Delaware and our Bylaws to the fullest extent permitted under Delaware law. We also have a directors’ and officers’ liability insurance policy that insures our directors and officers against the cost of defense, settlement or payment of a judgment under certain circumstances.

In October 2011, we entered into a services agreement with Kissei Pharmaceutical Co., Ltd., or Kissei, to perform research and development services relating to our product candidate MN-221 in exchange for a non-refundable upfront payment of \$2.5 million. Under the terms of the agreement, we are responsible for all costs to be incurred in the performance of these services. Certain of these research and development services were completed in 2013 and 2012, and the remaining services are expected to be delivered and completed after 2013. Revenue is being recognized as the research and development services are performed. We recorded revenue for 2013 and 2012 of \$3,000 and \$0.8 million, respectively.

Also in October 2011, we sold to Kissei (i) an aggregate of 800,000 shares of our Common Stock at a price of \$2.50 per share and (ii) 220,000 shares of our Series B Convertible Preferred Stock at a price of \$25.00 per share for aggregate gross proceeds of \$7.5 million. The purchase agreement contains a standstill agreement from Kissei that terminates if Kissei beneficially owns less than three percent of our outstanding voting stock. Each share of the Series B Preferred Stock is convertible into 10 shares of Common Stock. The Series B Convertible Preferred Stock ranks *pari passu* (on an as-if-converted-to-common-stock basis) with the Common Stock in liquidation and dividend rights. The holders of the Series B Preferred do not have voting rights, however, the consent of holders of a majority of the outstanding Series B Preferred is required for certain actions. Kissei currently owns 11.4% of our Common Stock on an as-converted basis. Kousuke Nakata serves on our Board of Directors as a representative of Kissei.

In May 2013, we entered into a securities purchase agreement with Fountain Erika LLC, an entity of which Tatsuo Izumi, a member of our Board of Directors at the time, was a principal. Pursuant to the agreement, Fountain Erika purchased 158,730 shares of Common Stock at a price of \$3.15 per share and a warrant to purchase 119,047 shares of Common Stock with an exercise price of \$3.15 per share. The warrants will expire on May 9, 2018 and may be exercised for cash, or if the current market price of the Common Stock is greater than the per share exercise price, by surrender of a portion of the warrant in a cashless exercise. Subsequently in May 2013, Fountain Erika provided \$51,389 additional consideration for the shares and the warrant, and the warrant was amended to reflect an exercise price of \$3.38 per share, bringing Fountain Erika’s purchase of the shares and the warrant to an “at the market” price to comply with NASDAQ listing rules. Mr. Izumi resigned as a member of our Board of Directors on December 28, 2013.

**PROPOSAL TWO:  
RATIFICATION OF APPOINTMENT OF  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee selected Ernst & Young LLP, or E&Y, as our independent registered public accounting firm for the fiscal year ending December 31, 2014. A representative of E&Y is expected to be present at the Annual Meeting, will have the opportunity to make a statement if the representative desires but is not expected to do so, and is expected to be available to respond to appropriate questions. Although stockholder ratification of our independent registered public accounting firm is not required by the Bylaws or otherwise, we are submitting the selection of E&Y to our stockholders for ratification to permit stockholders to participate in this important corporate decision.

**Principal Accountant Fees**

The following table presents fees paid by us for professional audit services rendered by E&Y for the fiscal years ended December 31, 2013 and 2012, as applicable.

	Fiscal Year Ended December 31,	
	2013	2012
Audit Fees <sup>(1)</sup>	\$ 563,884	\$ 202,559
Tax Fees <sup>(2)</sup>	—	—
Other Fees <sup>(3)</sup>	—	—
<b>Total</b>	<b>\$ 563,884</b>	<b>\$ 202,559</b>

- (1) Audit fees consisted of fees paid for professional services for the audit of our financial statements and services normally provided by independent registered public accounting firms in connection with statutory and regulatory filings or engagements including a report on internal controls.
- (2) E&Y did not render professional services for federal, state or international tax compliance.
- (3) E&Y did not render any non-audit related professional services.

**Pre-Approval Policy and Procedures**

It is our policy that all audit and non-audit services to be performed by our independent registered public accounting firm be approved in advance by the Audit Committee. The Audit Committee will not approve the engagement of our independent registered public accounting firm to perform any service that such firm would be prohibited from providing under the rules and regulations of the SEC and the applicable NASDAQ Marketplace Rules. In assessing whether to approve use of our independent registered public accounting firm for permitted non-audit services, the Audit Committee tries to minimize relationships that could impair the objectivity of such firm. The Audit Committee will approve permitted non-audit services by our independent registered public accounting firm only when it will be more effective or economical to have such services provided by such firm and where the nature of the services will not impair such firm's independence. During the fiscal years ended December 31, 2013 and 2012, all audit services performed by our independent registered public accounting firm were approved in advance by the Audit Committee or the Board, and there were no non-audit services.

**Required Vote**

Ratification will require the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. In the event ratification is not obtained, the Audit Committee will review its future selection of our independent registered public accounting firm but will not be required to select a different independent registered public accounting firm for us. Even if the selection is ratified, the Board at its discretion may direct the appointment of a different independent account firm at any time during the subsequent year if the Board determines that such a change would be in the best interests of MediciNova and our stockholders.

*The Board recommends a vote "FOR" ratification of appointment of Ernst & Young LLP as our independent registered public accounting firm.*

Pursuant to the agreement, which automatically renews for 12-month periods, Dr. Iwaki is currently compensated at \$504,758 per year. In addition, we provide Dr. Iwaki with our standard benefits and insurance coverage as is generally provided to our management. Either party may terminate the agreement at any time upon three months’ notice. In the event that Dr. Iwaki is terminated at our election upon three months’ written notice, then Dr. Iwaki is entitled to severance payments as are provided for by the employment policies we have in effect at that time; provided, however, that in lieu of the three months’ notice, we may provide Dr. Iwaki with an amount equal to 75% of his annual base salary. Additionally, if Dr. Iwaki’s employment is terminated for any reason, we have the option to engage Dr. Iwaki as a consultant on a quarterly basis. Compensation for each quarter of consulting services would be equal to 15% of Dr. Iwaki’s annual base salary. The timing of any termination payments to Dr. Iwaki under the employment agreement is subject to the applicable requirements of Section 409A of the Code and the related Treasury Regulations.

In the event that Mr. Okajima is terminated by us without cause, Mr. Okajima will be entitled to receive six months of severance that will be cancelled upon Mr. Okajima's new employment after such termination.

## REPORT OF THE AUDIT COMMITTEE OF THE BOARD

*The material in this report is not “soliciting material,” is not deemed “filed” with the Securities and Exchange Commission, and is not to be incorporated by reference into any filing of MediciNova under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.*

The Audit Committee operates under a written charter adopted by the Board of Directors (the “Board”) on September 28, 2004. A copy of the Audit Committee Charter is available on our web site at [www.medicinova.com](http://www.medicinova.com). The members of the Audit Committee are David O’Toole (Chairman), Jeff Himawan and Hiroaki Shigeta, each of whom meets the independence standards of the NASDAQ Marketplace Rules and the rules and regulations of the SEC.

The Audit Committee oversees our financial reporting process on behalf of the Board and is responsible for providing independent, objective oversight of our accounting, auditing, financial reporting, internal control and legal compliance functions. It is not the duty of the Audit Committee to plan or conduct audits or to determine that our financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for our financial statements and the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible in its report for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Audit Committee has reviewed and discussed our audited financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2013 with our management and its independent registered public accounting firm. The Audit Committee met privately with the independent registered public accounting firm and discussed issues deemed significant by such firm, including those matters required by PCAOB Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee has received the written disclosures from our independent registered public accounting firm required by PCAOB Rule 3526 (formerly Independence Standards Board Standard No. 1) and discussed with such firm its independence from us. E&Y advised the Audit Committee that E&Y was and continues to be independent accountants with respect to the Company.

Based on the reviews and discussions outlined above, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the Securities and Exchange Commission.

## OTHER MATTERS

We know of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that proxies in the enclosed form will be voted in accordance with the judgment of the persons voting the proxies.

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, our directors, executive officers and beneficial holders of more than 10% of our Common Stock are required to report their initial ownership of the Common Stock and any subsequent change in that ownership to the SEC. Specific due dates for these reports have been established, and we are required to identify those persons who failed to timely file these reports. To our knowledge, based solely on a review of such reports furnished to us and written representations that no other reports were required during the fiscal year ended December 31, 2013, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were satisfied; except that one report, covering one transaction, was filed late by Masatsune Okajima, our Vice President and Head of Japanese Office; and one report, covering his initial beneficial ownership when he joined our Board of Directors, was filed late by Kousuke Nakata.

### STOCKHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING

Any of our stockholders may propose business to be brought before our 2015 Annual Meeting of Stockholders. Proposals that are intended to be presented by such stockholders at our 2015 Annual Meeting of Stockholders must be received by our Secretary no later than December 30, 2014 (120 days before the anniversary of the date on which we first mailed our proxy materials for the Annual Meeting) in order that they may be included in our proxy statement and form of proxy relating to such meeting.

A stockholder proposal not included in our proxy statement for the 2015 Annual Meeting of Stockholders will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to our Secretary at our principal executive officers and otherwise complies with the provisions of our Bylaws. To be timely, the Bylaws provide that we must have received the stockholder's notice not less than 90 days or more than 120 days in advance of the anniversary of the date this Proxy Statement was released to stockholders in connection with the Annual Meeting. If the stockholder fails to give notice by January 29, 2015, then the persons who are appointed as proxies may exercise their discretionary voting authority with respect to such proposals, even if the stockholders have not been advised of the proposal. If the date of the 2015 Annual Meeting of Stockholders is changed by more than 30 days from the date contemplated at the time of this Proxy Statement, we must receive the stockholder's notice not later than the close of business on the later of (i) the 90th day prior to such annual meeting and (ii) the seventh day following the day on which public announcement of the date of such meeting is first made.

### HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single Proxy Statement will be delivered to multiple stockholders sharing an address unless contrary

instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Proxy Statement and annual report, please notify your broker, and direct a written request to us at MediciNova, Inc., 4275 Executive Square, Suite 650, La Jolla, California 92037, or contact us via telephone at (858) 373-1500. We will provide a separate copy of this Proxy Statement and the annual report to any stockholder at a shared address to which a single copy was delivered. Stockholders who currently receive multiple copies of the Proxy Statement and/or annual report at their address and would like to request “householding” of their communications should contact their broker.

#### ANNUAL REPORT

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 has been mailed with this Proxy Statement to our stockholders.

**Any person who was a beneficial owner of our Common Stock on the record date may request a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, including financial statements thereto, but not including exhibits, and it will be furnished without charge upon receipt of a written request. Any such request should be addressed to us at MediciNova, Inc., 4275 Executive Square, Suite 650, La Jolla, California 92037, Attention: Investor Relations. The request must include a representation by the stockholder that, as of April 17, 2014, the stockholder was entitled to vote at the Annual Meeting. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 is on file with the SEC and may be accessed electronically at the SEC’s website at [www.sec.gov](http://www.sec.gov) or at the Investor Relations-SEC Filings section of our website at [www.medicinova.com](http://www.medicinova.com).**
